As per ERF, the rainfall will be above normal, maximum & minimum temperature will be below normal in the state from 23 to 29 January.

General Advisory:

Farmers are advised to download the "Meghdoot App" to get past week weather, weather forecast, and agromet advisory and "Damini App" to get lightning information. Meghdoot and Damini Apps can be downloaded from the google play store (Android users) and App Center (IOS users). Present weather conditions are highly favourable to sclerotinia rot. This may appear in any crop plants by showing fluffy cottony growth leading to dry the plants. So infected plants must be removed and burn. Spraying of chemical should be done in clear weather.

SMS Advisory:

There is a forecast of light rain in Udham Singh Nagar district on January 22 and very light to light rain in Nainital district from January 20 to 22. Maintain proper drainage system in the field.
