

Title: Existing profile of textile printing units of Pilkhuwa and development of screen printed furnishing articles inspired from chikankari motifs.

Objectives:

- To collect information regarding existing dyeing and printing practices used in Pilkhua (UP)
- To create designs suitable for screen printing for home furnishing items
- To develop home furnishing items using developed designs and training of local artisans of Pilkhua (UP)

Technology developed:

- Optimization of black printing recipe for reduction of heavy metal load in effluent's discharge.
- Introduction of chikankari embroidery prints to add / replace the existing prints of Pilkhuwa through screen printing for variety of furnishing items.
