3 Months Online Certificate Course
on
DATA SCIENCE AND AGRICULTURE

August 05 - November 05, 2024

- Registration is open for all UG, PG, Ph.D. students, working professionals and other interested candidates.
- Course will be conducted in ONLINE mode by Industry Experts.
- Registration Fee: **Rs. 5,000/- (Rupees Five Thousand Only)**
- Live course sessions will be conducted after class hours.
- Last Date for Registration: **August 3, 2024**

THE COURSE WILL INCLUDE:

- Introduction to Python
- Data Manipulation and Visualization
- Regression, Model Evaluation
- Clustering, Dimensionality Reduction
- AI and Machine Learning in Agriculture
- Predictive Modeling for Agriculture
- Key Machine Learning Algorithms
- Evaluation Metrics and Model Performance
- Data Management and Preprocessing
- Evaluation Metrics and Model Performance
- Image Analysis and Computer Vision
- Integration of IoT Sensors
- Advanced Machine Learning Models, CNNs, RNNs
- Natural Language Processing (NLP) in Agriculture

COURSE DELIVERY FORMAT
- LECTURES AND DISCUSSIONS
- HANDS-ON WORKSHOPS
- PROJECTS AND CASE STUDIES
- GUEST LECTURES AND INDUSTRY INSIGHTS

ASSESSMENT
- ASSIGNMENTS AND QUIZZES
- PROJECT EVALUATION
- PEER REVIEW
